- National Medical Certification Services, Inc. requires verification that your state requirements for venipunctures and capillary punctures have been met.
- Certification will be issued when the state requirements have been verified by a phlebotomy trainer or externship supervisor on this form and the online examination has been passed.
- Any additional state requirements for licensure is the responsibility of the applicant.

Applicant Name: _____

Applicant State: _____

Statement of Verification (based on state requirements)

I attest that I personally witnessed the successful performance on actual clinical patients by the above named applicant as follows:

- California:** a minimum of 50 veni-punctures and 10 capillary punctures. Patients were of varying ages, weights, health conditions and degrees of difficulty.
- Louisiana:** a minimum of 100 veni-punctures and 25 capillary punctures.
- All Other States:** a minimum of 25 venipunctures and 5 capillary punctures.

Mannequin punctures are not acceptable.
